

Sacramento SUCCESS TEAMS

GO GET WHAT YOU WANT!

What Would You Do If You Knew You Couldn't Fail?

A tempting thought, isn't it? Often our dreams pull us toward a life we really want, but our fears hold us back. As a member of a Success Team, you get clarity about the life you want, develop an effective plan, capitalize on a network of people with ideas and resources, and enjoy a personal support system to maintain your momentum. You'll gain the skills and confidence to conquer the fears that keep you from your dreams.

Jackie Alcalde Marr

I've been in the organization development field for 18 years, leading strategic planning efforts, developing effective training, and coaching leaders to improve key skills and business performance.

Leading Success Teams enables me to use my skills to help others achieve their goals - there's nothing more fun!

Who Joins a Success Team?

People searching for clarity about building their dream life.
People with a specific goal who need a broader network of resources.
People who need the "push" that process, tools and a support network provide.

How Does It Work?

Success Teams are small groups of people who come together for eight weeks to help each other achieve their individual goals.
A professionally facilitated process helps each member clarify goals, make effective action plans, overcome obstacles and make progress previously impossible!

What's Included in the Process?

8 facilitated workshops
Workbook and tools
Capture Journal
Weekly support calls
7th session Idea Party
Follow up coaching

What Do You Gain?

Clarity of your dreams.
Tangible goals.
A tactical game plan.
New creativity and planning skills.
Real progress.
A network of contacts and resources to take to every future endeavor.
